Subject: Supply Chain Security Questionnaire Requirements

All Service Providers or Suppliers,

StandardAero/Associated Air Center is committed to the continuous improvement of its security processes in all areas of its business. To this end, StandardAero/Associated Air Center participates in the U.S. Customs-Trade Partnership Against Terrorism (C-TPAT) as well as the Canadian Partners in Protection (PIP) security programs. C-TPAT and PIP are voluntary, joint government-business security initiatives. The goals of the programs are the same, that is, to strengthen the overall security of the supply chain, creating a more secure global trading system from the point of origin to consumption.

One of the many related tasks for StandardAero/Associated Air Center is to better understand the security procedures used by its suppliers who are not currently participating in customs-industry partnership programs. Please assist StandardAero/Associated Air Center in this effort by completing and returning the attached questionnaire.

The form should be signed by a senior business partner attesting to the content provided, as required by our commitment to the C-TPAT and PIP programs. Please return this questionnaire along with the StandardAero/Associated Air Center Business Profile to your point of contact.

Additional information regarding these joint government-business security initiatives can be found at their respective web sites:

C-TPAT: http://www.cbp.gov/xp/cgov/trade/cargo_security/ctpat/

PIP: <http://www.cbsa-asfc.gc.ca/security-securite/pip-pep/menu-eng.html>

Sincerely,

Standard Aero
